Committed to Providing Quality Products and Services

Duntower Juice

Devoted to the production of concentrated fruit juice and natural fruit juice in tetra brick for mass consumption.

We produce our fruit juice in compliance with rigorous protocols of Good Agricultural Practices (GAP) like GlobalGap and Nature's Choice. This allows us not only to achieve a healthy product for our consumers but also to contribute to the preservation of delicate ecosystems of production, health and welfare of our farmers and employees. We export our fruit juices to United States, Canada, Europe and South and East Asia.

The industrialization of our juice is HACCP and KOSHER certified. We produce several flavors of natural ready-to-drink fruit juice from Argentina, Brazil and Paraguay in Tetra Brick Aseptic of 200 ml, 250ml and 1 liter. We are able to export these fruit juices with our own brand or importer's brand.
